Dear Commissioner Henny,

We would like to urge the FDA to allow non-dairy beverages to be labeled as milk. We further hope that you will require ^{that} milk from cows be labeled cows' milk. I am a soymilk drinker and think that cow's milk is (and what we were taught as children) not beneficial. My family and I would like to see cow's milk properly labeled as such. It is not the only

respectfully,

Sincerely,
